Attachment 1 Summary of Outstanding Rates for the period ended 31 August 2015

PURPOSE

1. To receive the report on rates debtors for the period ended 31 August 2015 (Attachment 1).

BACKGROUND

2. Rates notices were issued on 13 July 2015 with the following payment options:-

Options	Payment Dates			
Full Payment	17 August 2015			
Two Instalments	17 August 2015	10 December 2015		
Four Instalments	17 August 2015	12 October 2015	10 December 2015	08 February 2016

3. Rates Levied for the 2015/2016 Financial Year totalled \$31,884,691. Of this amount, approximately \$16.2m has been collected as at 31 August 2015. A total of 22,834 rate notices were sent on 13 July 2015. The rates department launched three additional services to better assist ratepayers in paying their amounts due. These are:
 - "A smarter way to pay" – allows the ratepayer to pay in small instalments over a 12 month period via direct debit. The model calculates a figure which ensures that the ratepayer will be in credit for the following year's rates. To date 346 ratepayers have signed up for the various direct debit option on offer of which 231 have elected the smarter way to pay.
 - "eRates" – allows the ratepayer to receive their future rates notices by email instead of the post. This will improve efficiency, is traceable and the ratepayer can be anywhere in the world and still receive their rates notice. It will also save the Shire >\$1 for every notice sent via email and not the post. To promote this service, one of the rates prizes traditionally offered was converted to purchasing apple and android tablets to obtain a better outcome. To date 996 properties have registered for electronic delivery. As Australia Post is set to increase postal charges by 40% from current rates, the more mail the Shire can send electronically will reduce our postal outgoings. The Shire has already recovered its set up fees and will be cash positive going forward.¹

PURPOSE

1. To endorse the Community Care Quarterly Report – June 2015.

BACKGROUND

2. The quarterly report is prepared in accordance with Kalamunda Achieving: Corporate Business Plan 2015-2018. The basis of which is *“Produce a quarterly progress report for Community Care services”*.

DETAILS

3. Referrals for Home and Community Care (HACC) support are received from the Regional Assessment Service. Community Care do not screen for eligibility nor assess potential consumers for services and as such, are dependent on these referrals to maintain and increase service levels.
4. Inception of the Assessment Framework in 2011 has resulted in increased compliance with eligibility criteria and people receiving services based on assessed need and not just an eligibility status, meaning a person with an ongoing functional disability may be eligible for HACC support but with the provision of the correct assistive equipment may continue to support themselves independently without formalised support.

HACC SERVICE DELIVERY

5. The Volumes Report (Attachment 1) shows how Community Care is performing in relation to its contracted service provision levels for the HACC program for the period of April, May and June 2015.
6. The HACC Contract contains service groups that cluster, where appropriate, like service types together. Service Group 1 includes the following service types: domestic assistance, personal care, social support, respite and other food services.
7. Service Group 1 was contracted to provide hours of support against the service types listed in paragraph 6. This allows the service types to be adjusted to meet the needs of eligible consumers regardless of the contracted number of hours against each service type.

-
8. Because of this service grouping, a service type such as domestic assistance can achieve higher than 100% of service delivery, providing other service types are not also achieving 100%. The hours are used in a flexible manner to address need.
 9. During this quarter Community Care was contracted to provide 6285 hours across Service Group 1 to eligible community members. A total of 4299 hours were provided (68.5%). This is a 0.5% decrease from last quarter.
 10. During the course of 2014/2015 Community Care was contracted to provide a total of 25,144 hours across Service Group 1 to eligible community members. A total of 17,788 hours were provided (71%). This is an 11% increase from 2013/2014.

Domestic Assistance (Service Group 1)

11. During this quarter Community Care was contracted to provide 2928 hours to eligible community members. A total of 3174 hours were provided (108%). This is equal to last quarter.
12. Impacts on these hours included 837.75 hours that were not provided due to public holidays or consumers exercising their right of choice and cancelling services to attend to other commitments. Had these hours been delivered domestic assistance would have achieved 138% which is accommodated by the flexible delivery model assigned to Service Group 1 as describe in paragraph 7.
13. During the course of 2014/2015 Community Care was contracted to provide a total of 11,710 hours of domestic assistance to eligible community members. A total of 13,077 hours were provided (112%). This is a 17% increase from 2013/2014.

STATUTORY AND LEGAL CONSIDERATIONS

POLICY CONSIDERATIONS

47. Nil.

COMMUNITY ENGAGEMENT REQUIREMENTS

48. During this quarter Community Care conducted a feedback survey with day centre consumers to determine their level of satisfaction with the fresh daily prepared meals.
- The outcome was positive with the findings showing that:
- 75% of participants were satisfied with the meal size,
 - 97% of participants were satisfied with the presentation of meals,
 - 100% of participants were satisfied with the quality of the meals, and
 - 99% of participants were satisfied with the variety of the meals.

-
49. Community Care are currently conducting a HACC service wide satisfaction survey.

FINANCIAL CONSIDERATIONS

50. The Community Care Program (HACC) had anticipated a small surplus for the 14/15 financial year. The program, however, has returned an operating deficit of \$73,508. While provision had been made through the year for annual and long service leave a further \$133,635 was required when the leave provisions were reconciled. A number of staff have reached eight years of service and this alters the probability calculation for long service leave.
51. The provisions will be reviewed when the HACC audit is carried out by the Shire auditors so the HACC financials are not yet finalised. Any deficit can be carried forward to the 15/16 financial year.
52. The Meals on Wheels Program has an operating deficit of \$25,884.

Attachment 1	Community Groups Lease Policy
Attachment 2	Proposed Community Groups Lease Policy
Attachment 3	Facilities Hire Agreement

PURPOSE

1. To approve proposed amendments to the Community Groups Lease Policy (Attachment 2), that will provide Council with a policy position to deal with Community Groups who refuse to sign the Council adopted Community Groups Lease.

BACKGROUND

2. At the Ordinary Council Meeting on 25 February 2013 Council adopted Lease Policy LEA1 – Community Groups Lease Council Policy (the Policy) (Attachment 1).
3. The Policy was designed to provide greater transparency and equity in administering the lease of facilities to Community Groups and its implementation has been very successful.
4. As part of the implementation process, the Shire has worked closely with user groups to improve and clarify the Lease Agreements.

DETAILS

5. There are currently a small number of user groups who have refused to sign the Lease Agreement as specified within the Policy. The current Community Group's Lease Policy provides for a dispute resolution process. This process applies where a user group with a signed a Lease Agreement is in dispute with the Shire over interpretations relating to the Agreement.
6. The Shire does not currently have a clear policy position regarding user groups who have not signed a Lease Agreement.
7. It is proposed that the Community Group's Lease Policy be amended to provide Council with a policy position to enable the management of user groups who are not subject to an approved Lease Agreement.

-
8. It is proposed the Community Group's Lease Policy be amended to stipulate that user groups who do not sign the Lease Agreement will be offered the use of facilities under a Facility Hire Agreement (Attachment 3), through the inclusion of the following paragraph in the Policy Statement:

Community Groups unwilling to sign a Lease Agreement in accordance with this Policy, will be required to hire the facilities in accordance with the Shire's Casual Facility Hire Agreement at the rate applicable for the facility.

9. It is essential any agreements clearly outline the nature of the hire arrangements, roles and responsibilities of parties to the Agreement and outline fees and charges payable under the agreement. Importantly, under a Facility Hire Agreement, the user group will not have exclusive use of the facility.
10. The Shire's preferred position is to have user groups operating under the Community Group's Lease Agreement.

STATUTORY AND LEGAL CONSIDERATIONS

11. Section 3.58 Disposing of Property in the *Local Government Act 1995* states: "*Dispose includes to sell, lease or otherwise dispose of, whether absolutely or not*"

POLICY CONSIDERATIONS

12. The amendment to this policy will address a current policy gap and will provide the Shire with a clear position for handling situations in which user groups choose not to sign the adopted Community Group's Lease Agreement.

COMMUNITY ENGAGEMENT REQUIREMENTS

13. The original policy was referred to all User Groups for comment. Following assessment of the comments meetings were held with 39 User Groups to discuss a proposed way forward.
14. Since the adoption of the Community Group's Lease Agreement in February 2013, the Shire has met regularly with User Groups to ensure Lease Agreements are operating effectively.

FINANCIAL CONSIDERATIONS

15. The proposed amendment to the Community Groups' Lease Policy will ensure financial arrangements are clear and there is equity and consistency in the way the Shire's User Groups are managed.

STRATEGIC COMMUNITY PLAN

Strategic Planning Alignment

16. *Kalamunda Advancing: Strategic Community Plan to 2023*

OBJECTIVE 4.7 – To ensure the selection, maintenance, inspection, renewal and disposal of all categories of assets within the Shire is managed efficiently.

Strategy 4.7.1 Maintain, refurbish or upgrade existing infrastructure, including public buildings, parks, reserves, local roads, footpaths, cycle ways, verges and drainage networks to encourage increased utilization and extension of asset life.

SUSTAINABILITY

Social Implications

17. Equitable access to community and cultural infrastructure is considered an essential element in creating safe, inclusive, accessible and sustainable communities.

Economic Implications

18. The proposed policy amendment will provide User Groups with clarity regarding their financial obligations.

Environmental Implications

19. Nil.

RISK MANAGEMENT CONSIDERATIONS

- 20.
- | Risk | Likelihood | Consequence | Rating | Action/Strategy |
|--|------------|-------------|--------|---|
| That Council does not support the amended policy | Unlikely | Minor | Low | Ensure that Council is aware of the need to ensure that Community Groups are treated fairly and equitably |

OFFICER COMMENT

21. The key principles of good policy are transparency, consistency and equity. The draft policy amendments addresses these factors and addresses a current policy gap.

-
22. The proposed Policy amendments will provide the Shire with a policy position to enable the management of user groups that are not subject to an approved Lease Agreement.
 23. The Shire will continue to work proactively with user groups to ensure that community facilities are operating under the approved Community Groups Lease Policy. Where a Community Group is not prepared to sign a Lease Agreement, in accordance with the amended Lease Policy, the Community Group will utilise facilities in accordance with a Facilities Hire Agreement.
 24. Where a user group is operating under a Facilities Hire Agreement, the user group will not have exclusive use of the facility.
 25. Typically under a hire agreement scenario, sporting facilities are shared between various users therefore storage of memorabilia and other equipment would not normally remain on site.

The program aims to increase participation in sport and recreation with an emphasis on increasing physical activity through the provision of well-planned facilities.
3. The Shire's role in the provision of the funding is to call for applications, assess them in priority order and rate each application received (Attachment 1).
4. The maximum grant approved will be no greater than one third of the total estimated project cost.
5. There is no obligation on the local government authority to make any contribution to a project.
6. All applications for this annual grants round are to be received by the DSR by 4pm on the last working day of September 2015 for assessment.
7. Successful applicants will be advised in February 2016, with funds to be expended by 15 June 2017.

DETAILS

8. The Shire of Kalamunda has one external application for the DSR's CSRFF 2015/16 Annual Grants Round.

Hills BMX Club

9. The application is for a proposed re-design of the Start Gate Ramp from 2.5 metres to 5 metres, also enabling an upgrade and refurbishment of the club rooms at the BMX track at Ray Owen Reserve in Lesmurdie.
10. The Project will contribute to the sustainability of the BMX Club with improved facilities allowing the Hills BMX Club to retain and attract a strong membership base and better accommodate the wider BMX community.
11. Specifically, the Project will allow the Club to remain competitive within the sporting market by providing an updated facility to attract local, State and National competitors and competitions to the venue.
12. The Club has provided a cost estimate for the project of \$226,350. Based on the standard one third each split, the proposed cost contribution is as follows:

Organisation	Contributions ex GST
CSRFF	\$75,450
Shire of Kalamunda	\$75,450
Hills BMX	\$75,450
Total Project Cost	\$226,350

POLICY CONSIDERATIONS

14. Nil.

COMMUNITY ENGAGEMENT REQUIREMENTS

15. Should the CSRFF funding be successful with the DSR, further consultation will be undertaken with relevant site stakeholders.

FINANCIAL CONSIDERATION

16. The Shire of Kalamunda's contribution towards the proposed projects will be dependent on the outcome of the CSRFF applications and is proposed to be considered as part of the 2016/17 budget process.
17. The Hills BMX Club have indicated they would be willing to fund up to two thirds of the project should the Shire of Kalamunda not be in a position to provide funding assistance.

18. At present, within the Long Term Financial Plan, \$100,000 (2018/19), \$2.5 million (2019/20) and \$2.5 million (2020/21) respectively has been allocated towards the implementation of the Ray Owen Master Plan, which supported this project.

OFFICER COMMENT

24. Through the CSRFF program, the State Government provides financial assistance to community groups and local government authorities to develop basic infrastructure for sport and recreation. The program aims to increase participation in sport and recreation with an emphasis on increasing physical activity through the provision of well-planned facilities.
25. The DSR requires all applications to be assessed by each local government authority and provided with a ranking according to the local government's assessment. It should be noted, there is no obligation on the Shire to support a project.
26. This project has been ranked as the first and only priority in regards to facility development within the Shire of Kalamunda.
27. The BMX Club has noted a marked increase in membership within the last five years and their existing facility is unable to cope with the current and projected participation numbers. The track itself is in good condition however, the starting ramp does not currently provide the National and State height required (5m) for the Club to bid to host State, National and International events.
28. Club facilities are ageing with the first aid room currently housed within a rusting sea container. The clubroom and office areas are small and need extending to provide adequate facilities to the growing membership.
29. The proposed facility development will allow the Club to better accommodate existing membership in addition to positioning the Club to attract bigger events and competitors from the State, National and International BMX community.
30. The need for an upgraded, refurbished clubroom facility and a new five metre starting ramp is supported by the findings within the Ray Owen Master Plan (endorsed by Council February 2015).

Voting Requirements: Simple Majority

OFFICER RECOMMENDATION (C&C 37/2015)

That Council:

1. Endorses a Community Sport and Recreation Facilities Fund annual grant application from the Hills BMX Club towards a proposed new ramp and an upgrade and refurbishment of club rooms at Ray Owen Reserve in Lesmurdie.

Following success of the Community Sport and Recreation Facilities Funding the cost contribution will be:

Hill's BMX Facility upgrade

Hills BMX club is seeking assisting funding from DSR to re-design the start gate from 2.5 meters to 5 meters in height also clubroom upgrade to improve the facility to required UCI standards and attract local, state and national level BMX competitions to Hills in the future.

The start gate will be extended in height and length to accommodate additional office, first aid and storage rooms beneath the ramp. Supporting structures to be constructed of "concrete box culvert tunnels" as a cost effective and lasting solution to house transportable offices and storage area.

Start ramp:

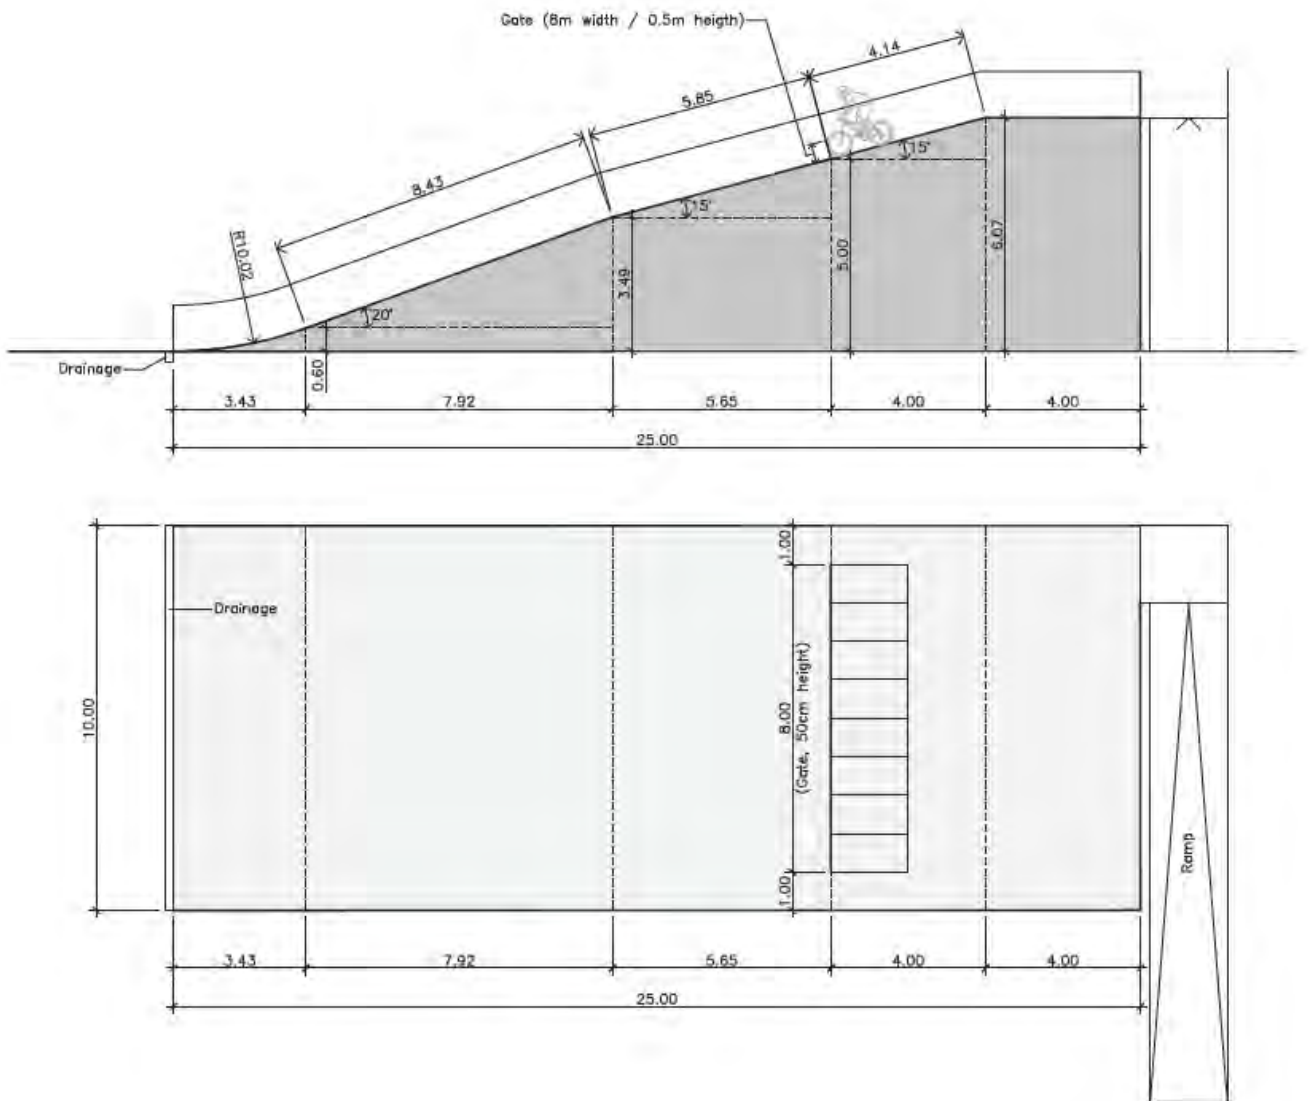

Existing 2.5 meter high start ramp.

Proposed 5 meter start ramp extension including offices / storage underneath.

Works will need to include relocation of roof structure above start gate and secondary staging area.

New start gate dimensions:

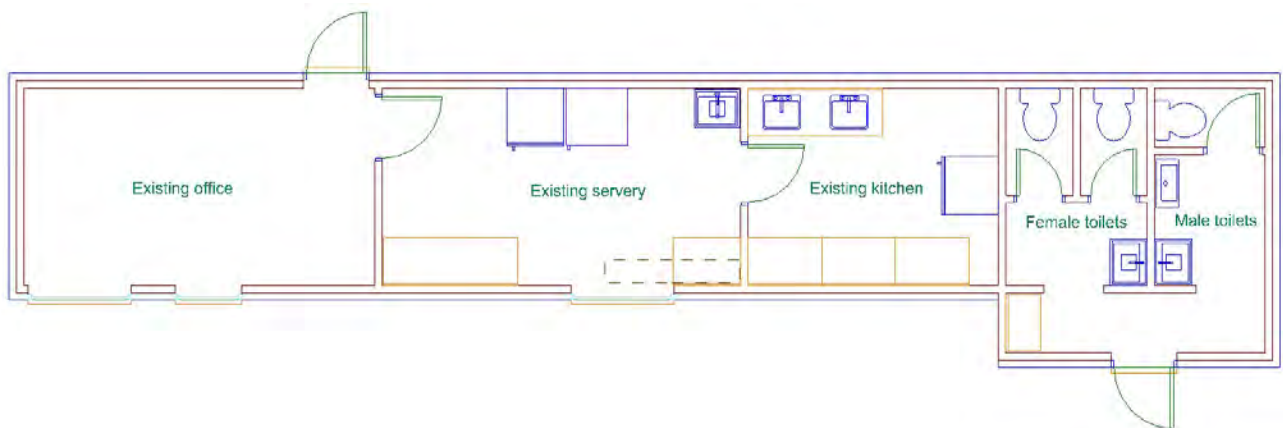

Proposed concrete box culvert tunnels to house offices and storage area's:

Clubrooms:

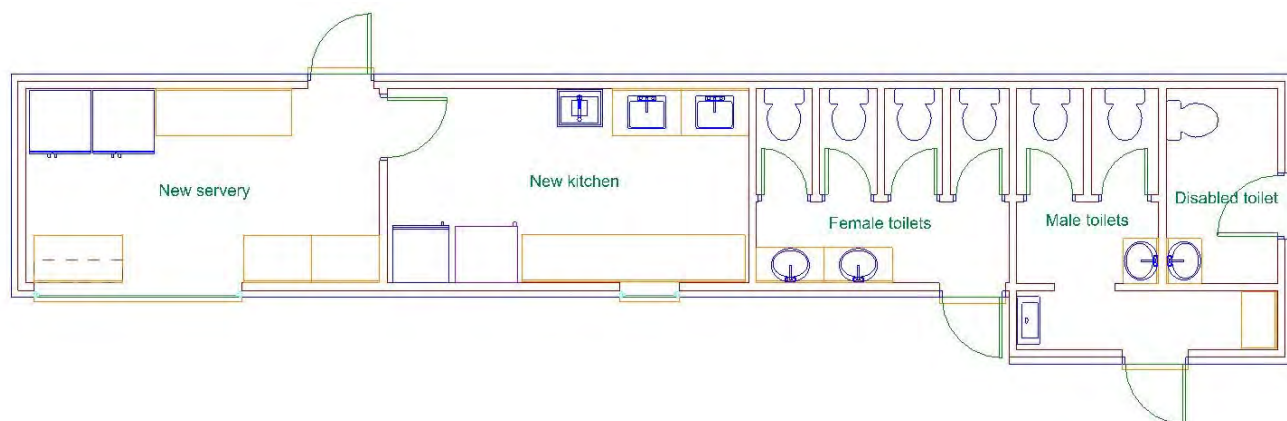

Present clubrooms house toilets, kitchen and office. Due the expansion of our club's members in recent years the current building is proving too small for the club's needs. The office is too small during racing events and also the 2 small toilets are inadequate for the large volume of participants and supports during weekly race nights.

Below is a floor plan of the current layout:

Our new proposed lay out would move the existing office to the new office built under the new start ramp allowing for a greater toilet area. Kitchen and servery area would be relocated with several upgrades to comply with current health standards.

New proposed clubroom layout:

Our principle aspect of requested upgrades is to provide a competitive and attractive facility to allow local and regional riders to practice and participate in the growing sport of BMX. Hill's BMX facility originates from the early 80's and is in desperate need of the upgrades to continue to grow as a healthy club. With the upgrades it can also move its first aid room currently located in a shipping container into the office area provided under the ramp. The upgrade will also result in the removal of two unsightly sea containers currently located onsite to provide storage and first aid.

*Expected cost for start gate upgrade including relocation of roof structure, supply and install culverts, earthworks, fencing, relocation of gate and bitumen works: **\$129,000***

*Supply and connection of transportable offices including vandal proof entry doors: **\$32,500***

*Clubroom upgrade: **\$64,850***

Total project budget: \$226,350 + GST

Attachment 1	Pioneer Park Master Plan

PURPOSE

1. For Council to receive the Pioneer Park Master Plan (Attachment 1).

BACKGROUND

2. Pioneer Park is Crown Land vested with the Shire for the purposes of recreation and is located in Forrestfield. The Reserve is approximately 57ha in size and is currently home to the Kalamunda/Canning Rugby League Club (KCRLC).
3. Prior to Pioneer Park being used for recreation and sporting pursuits, the land was formally used as a landfill site, operating from 1975 and closing in July 1997.
4. From 2008 to 2010 Pioneer Park was established inclusive of access roads and car parks for the purpose of use for recreation and sporting pursuits.
5. Consequently, given the chequered history relating to previous land use and subsequent remediation a number of issues have been experienced at the site. This has included an unstable surface caused by subsidence and soil consolidation, which has resulted in infrastructure such as flood lighting having to be removed due to safety concerns.
6. Due to the complex nature of the issues being experienced at Pioneer Park, the Shire has undertaken a number of studies and investigations in to potential solutions and alternative sites including the Darling Range Master Plan and an Environmental Impact Assessment of Pioneer Park.
7. The Darling Range Master Plan was endorsed by Council in July 2013, identified the need to undertake a Master Planning process at Pioneer Park.
8. The key factors providing the catalyst for the development of the Master Plan included:
 - a. A number of issues with the integrity of the playing surface i.e. subsidence, drainage etc. that have caused the playing surface to be unsuitable for play.
 - b. Supporting infrastructure having been previously removed because of subsidence.

-
- c. The age and condition of the existing infrastructure.
 - d. The need to identify a long term home for the Kalamunda and Districts Rugby League Club.
9. A Community Sport and Recreation Facilities Fund (CSRFF) application was then submitted to the Department of Sport and Recreation (DSR) in 2014 to engage a consultant to assist in undertaking a Master Plan study and subsequently the Shire was successful in obtaining a grant of \$18,333.
 10. In mid-2014, AECOM were engaged to develop the Pioneer Park Master Plan.
 11. In August 2015, Councillors received a presentation from AECOM on the Pioneer Park Master Plan. As such, the Master Plan is now presented for Council to receive.

DETAILS

12. The Pioneer Park Master Plan investigated the feasibility of remediating and redeveloping the Pioneer Park playing fields.
13. The Master Plan process included a significant amount of research into previous studies, an audit and review of facilities, community consultation and costing of options.
14. The Master Plan has estimated the total cost of remediating the site to be in the region of \$30-\$50 million plus associated building and infrastructure costs.
15. A summary of the key recommendations has been outlined below:
 - That the Shire meet with rugby and softball clubs to discuss the outcomes of the Master Plan.
 - As an interim solution, relocate the KCRLC immediately to Morrison Oval at Hartfield Park Reserve.
 - Undertake a feasibility study at Maida Vale Reserve to consider potential of converting existing netball courts into rectangular and diamond playing fields.
 - Investigate possibilities and availability of purchasing freehold land within the Forrestfield area as development occurs.
 - Consider other possible land uses for Pioneer Park.

-
16. Of the key actions outlined within the Master Plan, the priority short-term action is to work with the KCRLC and relevant clubs based at the Hartfield Park precinct to determine a suitable ground and home for them to train and play in 2016.

STATUTORY AND LEGAL CONSIDERATIONS

17. *Local Government Act 1995* Section 3.18 (c) - Effective Management of Local Government Services & Facilities.

POLICY CONSIDERATIONS

18. Nil.

COMMUNITY ENGAGEMENT REQUIREMENTS

19. A significant amount of community consultation was undertaken during the development of the Master Plan, including preliminary discussions being held with all clubs based at the Reserve, relevant state associations, neighbouring local government authorities and local schools.
20. Further consultation will be required with affected clubs based at the Reserve to confirm Pioneer Park is no longer a viable site for sport and then enable alternative options at the Hartfield Park precinct to be considered.

FINANCIAL CONSIDERATION

21. The Pioneer Park Master Plan has estimated remediation costs for the site would be in the vicinity of \$30-\$50 million, with a further \$9.6-\$9.9 million required for construction works.
22. Within the Long Term Financial Plan no funds that have been specifically set aside for the development of a new rugby league facility. However funds totalling \$2M (made up of four amounts x \$500,000 per year, commencing in 2017/18) has been included for the upgrading of Pioneer Park playing fields and additional capping works.
23. Given redeveloping facilities at Pioneer Park is no longer considered feasible, there is an option to consider reallocating these funds towards new facilities should be required.

Strategic Planning Alignment

24. *Kalamunda Advancing: Strategic Community Plan to 2023*
Strategy 1.9.1 - Support and deliver a long term approach to community facilities planning

SUSTAINABILITY

Social Implications

25. The undertaking of a study to provide strategic direction and guidance in the provision of sport and recreation infrastructure at Pioneer Park, greatly assists a long term approach in the sustainable provision of sporting facilities within the Shire.

Economic Implications

26. Nil.

Environmental Implications

27. A number of issues have been experienced at the site, including an unstable surface caused by subsidence, drainage, and soil consolidation that has resulted in the playing surface being unsuitable for play, in addition flood lighting infrastructure having to be removed due to safety concerns.

RISK MANAGEMENT CONSIDERATIONS

Risk	Likelihood	Consequence	Rating	Action/Strategy
That the affected clubs want to remain at Pioneer Park.	Possible	Minor	Medium	Emphasise that it is not financially viable to undertake required works.
That the Forrestfield Cricket Club will not want to share facilities.	Possible	Major	High	Consult with Cricket Club to explain circumstance and alternate season compatibility.
That no long term facility is available for the affected clubs.	Possible	Major	High	Further facility investigations are undertaken both within the Shire and broader region.

OFFICER COMMENT

29. The Pioneer Park Master Plan findings and associated costs have confirmed an investment of \$30-\$50 million for site remediation and a further \$9.6-\$9.9 million will be required for construction of sporting fields.
30. The findings confirm it is not financially viable to invest significant funding into remedial works and construction for it to be safe and suitable again for sports activity.

-
31. Given the key findings of the Master Plan, it is suggested the Shire undertake individual follow up with the affected user groups, as opposed to a period of public comment.
 32. The KCRLC are the only existing user group and will now require an alternative location to play and train for the 2016 season and beyond.
 33. As an interim solution, the Pioneer Park Master Plan recommends the relocation of the KCRLC immediately to Morrison Oval at Hartfield Park Reserve.
 34. The Shire is supportive of this recommendation on the basis that KCRLC affiliated junior members have been operating at Morrison Oval for the past two years, utilising the club room facility. The major benefit to the arrangement being that rugby and cricket operate during alternate sporting seasons (winter/summer).
 35. Morrison Oval is currently shared between Forrestfield United Soccer Club, Forrestfield Cricket Club and more recently the Kalamunda and Districts Rugby Union Club (KDRUC) have also been using the field to access the training lighting given the lighting on the Rugby fields has been inadequate.
 36. The floodlighting on the rugby union fields are currently being upgraded as part of the Hartfield Park Master Plan for both training and competition purposes, this will minimise the current need for KDRUC to train on the Morrison Oval and enabling KCRLC to utilise the Morrison Oval site.
 37. The extension of grounds at Morrison (cricket) Oval, with works to be completed by June 2016 is another supporting element to the proposed short-term move, providing greater capacity for shared use by the KCRLC and FUSC.
 38. In terms of the preferred longer term approach, Council has recently supported the submission of a CSRFF application to the DSR to undertake a feasibility study to consider a shared, multi-purpose club room facility at Hartfield Park that would consider the needs of a variety of potential user groups.
 39. An alternative long term approach, to be investigated in the future and referenced in the Pioneer Park Master Plan, is a feasibility study into maximising future sports use at the Maida Vale Reserve. The need for a Master Plan for the Maida Vale Reserve was supported within the Community Facilities Plan however was not deemed a high priority, therefore no funds have been identified within the Long Term Financial Plan to undertake this study within the next 10 years.

Voting Requirements: Simple Majority

OFFICER RECOMMENDATION (C&C 38/2015)

1. Notes and receives the Pioneer Park Master Plan (Attachment 1).
2. Requests the Chief Executive Officer to convey the Pioneer Park Master Plan findings to affected Pioneer Park User Groups.
3. Notes:

5. The Festival organisers plan to create an event that will be a culinary experience including cooking demonstrations and showcasing local produce. The event will be a celebration of food and drink with seasonal stone fruit at the forefront. It will include tastings of local seasonal produce, cider, wine and other locally produced food and drink.
6. The Festival organisers have engaged a professional event organiser to assist with the event development, budget and logistics of the inaugural event.

STATUTORY AND LEGAL CONSIDERATIONS

7. Section 3.1 *Local Government Act 1995* permits sponsorship contributions to be made.

FINANCIAL CONSIDERATIONS

- Kalamunda Show (\$13,792)
 - Bickley Harvest Festival (\$13,636)
 - Zig Zag Community Arts Festival (\$33,827)
 - Carols in the Park (\$4,244)

Strategy 1.8.3 Proactively investigate opportunities that facilitate the establishment and/or growth of local community groups.

Strategy 3.1.3 Identify collaborative on-ground projects that can be achieved in partnership with the community

OBJECTIVE 2.2 - To provide high quality and age appropriate entertainment for the benefit and happiness of our community

Strategy 2.2.1 Continue to provide a range of events and festivals that target the many different demographics and interest groups within the community.

Strategy 2.2.2 Investigate funding opportunities and partnerships to enhance existing events and festivals or facilitate the establishment of new events and festivals.

SUSTAINABILITY

Social Implications

14. The Festival will provide family entertainment for residents and visitors and the opportunity for community capacity building within a rural area of the Shire.
15. The Festival will provide a program of events which engages and educates on the topics of healthy eating.

Economic Implications

16. The event will provide marketing opportunities to local growers and producers. There will also be an opportunity for producers to add value to primary produce through the development of additional products.
17. It is envisioned that the 2016 Stone Fruit Festival will bring economic benefits to the community through increased visitation and through raising the profile of the Perth Hills as a visitor destination.
18. There are also opportunities to explore recommendations contained in the Hills Rural Study – Economic Development Discussion Paper such as promoting local products under a unified brand.
19. The Festival organisers project visitor numbers to be around 2,000 for the event. This would represent a significant direct benefit the local growers, businesses and the local economy.

Environmental Implications

20. The Festival will promote a lifestyle that reduces the impact on the environment and pressure on natural resources through education about local in-season produce.
21. The event will also promote local history and heritage through the involvement of the Pickering Brook Heritage Group.

RISK MANAGEMENT CONSIDERATIONS

22.	<table border="1"><thead><tr><th>Risk</th><th>Likelihood</th><th>Consequence</th><th>Rating</th><th>Action/Strategy</th></tr></thead><tbody><tr><td>The Festival does not proceed due to lack of funding</td><td>Unlikely</td><td>Minor</td><td>Low</td><td>Council allocates funding</td></tr></tbody></table>	Risk	Likelihood	Consequence	Rating	Action/Strategy	The Festival does not proceed due to lack of funding	Unlikely	Minor	Low	Council allocates funding

OFFICER COMMENT

23. The Shire of Kalamunda Events Strategy focuses on developing events that provide economic value to the community and raise the profile of the area as a destination to potential visitors. The Pickering Brook Stone Fruit Festival should achieve this outcome if the organisers can deliver an ambitious inaugural event.

-
24. Festival organisers have demonstrated an increased capacity to deliver the event by engaging the same professional event organiser that was responsible for the successful Astronomy Lesson World Record in February 2015. The Pickering Brook Stone Fruit Festival Event Plan is shown as (Attachment 1).
 25. Council has previously endorsed the Hills Rural Study which foreshadowed the need for growers to diversify and add value to produce. This event will create an opportunity for growers to showcase value-added products and promote to a wider audience.
 26. Using tourism economic impact modelling forecasts, visitor numbers of 2,000 at the Pickering Brook Stone Fruit Festival 2016 would represent a direct benefit the local economy of approximately \$214,000.

Voting Requirements: Simple Majority

OFFICER RECOMMENDATION (C&C 40/2015)

That Council:

1. Approves an allocation of \$15,000 plus GST from the 2015/16 budget for sponsorship of the Pickering Brook Stone Fruit Festival 2016, from the New Event Development Account (315730.609 – 1165).

INTRODUCTION

An initiative of the Pickering Brook Sports Club, it is proposed that the first Stone fruit focused festival be held at the Pickering Brook Sports Club Oval on Saturday 13 February 2016. This summer event will include tastings of local seasonal produce, cider, wine, food, Celebrity Chefs, cooking demonstrations and children's activities.

Whilst showcasing locally grown produce is the central focus of this festival, it is envisioned that the 2016 Stonefruit Festival will bring economic benefits to the local community and beyond through the attraction of high numbers of visitors to the region.

Pickering Brook is a part of the Eastern Rural Districts area of the Shire of Kalamunda and is bordered by Carmel, Bickley, Hacketts Gully, Pauls Valley and the Korung National Park. One of WA's most prolific stone-fruit growing regions, Pickering Brook is a mix of State Forest, catchment areas, hobby farms, orchards and vineyards.

STONEFRUIT FESTIVAL OBJECTIVES

- Establish a flagship annual Stone Fruit festival in the Perth Hills, focusing on and celebrating the regions growers and the Pickering Brook area.
- Strengthen the community spirit and pride in the unique culture and heritage of Pickering Brook.
- Provide sales and marketing opportunities to local growers and producers.
- Provide a program of events which engages and educates people on healthy eating and locally grown and in-season produce.
- Build the Perth Hills and Pickering Brook reputation as a major destination for quality locally produced food and wine.
- Showcase the regions environment, history and community spirit through inclusive Stone fruit themed, low cost accessible activities
- To add to the events prestige by attracting acclaimed Chefs to present Cooking Demonstrations and other activities
- To assist in building Western Australia's reputation as a producer of quality stone fruit.

STAKEHOLDERS

- Pickering Brook Sports Club
- Pickering Brook Community
- Hills Orchard Improvement Group
- Festival Partners and Sponsors

FESTIVAL NAME

The name of a festival needs to summarise the theme of the event. As a general rule the name should be short and relevant as lengthy labels can be difficult to remember. By hearing or reading the name once, people should be able to recognise the event and have a sense of what it is about. Common, but precise, terms that are on topic are the building blocks of a strong event title. It should also be easy to pronounce and pleasant to hear.

It is recommended that the name of the festival be '**Pickering Brook Stonefruit Festival**' which encapsulates the above elements.

TARGET AUDIENCE

35 to 60 year olds who live both locally and in the wider Perth area, with an interest in fresh food, wine and live entertainment.

Families who live both locally and in the wider Perth area, seeking to access affordable entertainment in a well-managed and safe environment.

Visitors from regional Western Australia, Interstate and Overseas with an aim to showcase the Perth Hills.

TICKET PRICE

The ticket price for a festival must be appropriate for the target audience and provide a revenue stream. It is proposed that the tickets be priced as follows.

Adults \$10.00 per head

Cost includes entry and can include product sampling.

Children under 12yrs free

Tickets will be pre-sold online via a ticket selling website (EventBrite, TryBooking etc.) and at the gate.

FESTIVAL ELEMENTS

- Big Top Marquee - fruit tasting and sales
- Kitchen Stage - cooking demonstrations by celebrity chefs and local talented chefs, jam making demonstration, cooking with kids
- Entertainment Stage - music, peach eating competition etc.
- Marquee 1 - cider & wine tasting tent
- Activity Area - children's activities & games
- Gourmet Food Vendors - food trucks
- Local Produce stalls - food, cheese, chocolate, asparagus etc.
- Clubhouse - Bar, lunches & musician

EVENT FUNDING

FUNDING APPLICATIONS

LOTTERYWEST

A funding application must be submitted to Lotterywest on or before the 1 August 2015. As a general rule, grants by Lotterywest are to complement other sources of support, including a contribution from the organisation's own resources. Lotterywest can also assist with combining their grant with other sources of funding.

SHIRE OF KALAMUNDA

A funding proposal must be submitted to the Shire of Kalamunda on or before the 1 August 2015. The proposal will be submitted to council in late August, the final decision on the funding amount will be decided at this time.

CORPORATE SPONSORSHIP INFORMATION

A professional sponsorship package illustrating commercial advantages and the 'fit' between the sponsor and the Stonefruit Festival is vital. This includes highlighting potential corporate objectives like social and community engagement, brand-related and sales objectives and media coverage.

The Stonefruit Festival sponsorship package can be developed to meet the needs of different types of sponsors, for example, Major Partner (naming rights) <\$25,000, Platinum Partner <\$10,000, Gold Partner <\$5000 and Corporate Partner <\$1000.

CORPORATE PARTNERS

Once created, the sponsorship package should target state and local sponsors, national companies with local interests and local advertisers - See example of potential partners below.

It is expected that there will be numerous adjustments and refinements to the budget throughout the planning process.

Attachment 1	Letter from Lesmurdie Tennis Club

PURPOSE

1. To consider a request from Lesmurdie Tennis Club (the Club) for a lease term of 10 years plus an option of a further 10 year period (Attachment 1).

BACKGROUND

2. At the Ordinary Council Meeting held on 25 February 2013, Council adopted Lease Policy LEA1 – Community Groups' Lease Council Policy.
3. The Club's existing lease (with a term of five years and an option of five years) expired on 30 September 2009.
4. The Shire has been in negotiations with the Club for an extended period of time in attempting to resolve concerns regarding the structure of the Lease Agreement, particularly related to the responsibilities for maintenance and repairs. During that time briefings have been provided to Ward Councillors regarding the status of negotiations and the two parties have been working through a process to resolve the Club's issues.
5. The Club recently held a committee meeting to discuss the status of the Lease Agreement and confirmed that it was their intention to accept the current lease agreement, provided that the lease term would accommodate a term of 10 years and an option of a further 10 years. The Club was advised that an extended lease period could only be approved by Council
6. The Club's request for a lease period of 10 years plus an option of a further 10 years relates to their proposed significant capital investment into the playing surfaces which will result in the life span of these facilities extending well past the lease term. Current projections by the Club propose to invest more than \$100,000 into the replacement and improvement of their playing surfaces over the next five years.
7. The associated procedure noted that a typical lease term would be five years, however the Shire at its discretion, may consider a longer term where the term is required to support a loan arrangement or, in other extenuating circumstances, where approved by resolution of Council.

DETAILS

8. The Club is seeking a lease term of 10 years plus an option of a further 10 years on the grounds that they will be making lump sum capital contributions towards various renewal and maintenance works over coming years. It is envisaged that the total investment will exceed \$100,000 over the next five years.
9. The Club advises that it is likely that the first two synthetic courts will be replaced in 2016/17 with an annual cost of approximately \$40,000. The next two synthetic courts will be due for replacement in 2018/19. In addition, it is likely that a further \$30,000 will be required to resurface flexi pave courts in 2018/19. It should be noted that these costs are indicative and will be dependent on a number of factors, including available funding from the State Government.
10. The Club proposes to seek funding of the planned renewal and maintenance works through a variety of sources. They intend to seek support from the State Government, the Shire of Kalamunda and through their own capital contributions.

OFFICER COMMENT

20. The Club's request for a lease period of 10 years plus an option of a further 10 years is supported based on plans to invest more than \$100,000 into the replacement and improvement of their playing surfaces over the next five years.
21. Formalisation of a Lease Agreement will provide greater certainty to the Club and the Shire in the utilisation of community facilities. It will also ensure that Community Groups are treated more equitably.
22. Considerable effort has gone into developing a stronger working relationship between the Shire and the Club. These efforts are now bringing some positive results, illustrated in the Club's willingness to enter into a Lease Agreement.

PRESIDENT:
John Ferguson

SECRETARY:
Hilary Rowland

19 January 2014

Mr Warwick Carter
Manager Economic Property and Procurement Services
Shire of Kalamunda
PO Box 42 Kalamunda WA 6926

Dear Warwick,

New Lease Document – Application for 10 Year Terms

I refer to the Shire's letter dated 9 January 2014.

- 1: Thank you for clarifying procedures concerning negotiation of the term of the new lease.

In line with your clarification under "Comment 36" of that letter, we hereby provide written confirmation that the Club makes application for a 10 Year Term commencing 1 July 2013 and a Further 10 Year Term commencing 1 July 2023,

The circumstances are that we will, in all probability, be making lump sum capital contributions towards various renewal and maintenance works in and around the Lesmurdie tennis facility over the coming years. The contributions would be substantial of the order of thousands to tens of thousands of dollars in each case.

As you are aware, these works deliver outcomes which vest in the Shire and not the Club.

The way the Club can secure its investment is by way of a lease agreement with the Shire.

Also, these capital contributions deliver outcomes which have relatively long life spans – of the order of 8-20 years. Logically, any lease agreement needs to operate over equivalent time spans. This ensures that the lessee gets full value from the capital contributions it has made.

In the foreseeable future, lump sum capital contributions are likely to be made for the following:

- Clubhouse extensions and refit – final payment in the next few months with a remaining life span of 18 years
- Toilet/bathroom renewal – in two years' time with a life span of 20 years
- Hard court resurfacing and net post/winder replacement – in two years' time with a lifespan of 8 years

- Synthetic grass court resurfacing and net post/winder replacement - in one to five years' time with a life span of 11 years
- Court 4 light tower modification – in one years' time with a life span of 20 years

2. Thank you for clarifying your interpretation of Clause 18 "Option to Renew".
However, from our point of view, the contentious part of this clause remains:

"...the Lessor shall grant to the Lessee a lease for the Further Term at the Rent and on terms and conditions similar to this Lease... and on such other terms and conditions as the Lessor may consider appropriate."

Our interpretation of this statement is that it gives the Shire absolute discretion to change the terms and conditions of any renewal as it sees fit. As such it defeats the purpose of an option to renew. To be of value, the terms of a renewed lease need to be predictable at the time of entering into the initial lease. Where that is not the case, any right to renew is of questionable value and cannot be relied on as providing certainty past the initial term.

We consider the wording of our expired lease (refer Clause 3. below) encapsulates a genuine option to renew and should be reflected in the new lease. Neither party has the right to make any unilateral changes to the terms of the lease.

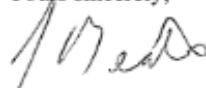

OPTION OF RENEWAL

The Lessee having duly and punctually paid the rent hereby reserved and complied with, observed and performed all of the terms, covenants and conditions herein contained or implied on the part the Lessee to be complied with, observed by and performed shall have the option at the expiration of the term hereby granted of extending this Lease for the further term specified in Item 4 of the schedule exercisable by the written request of the Lessee made not more than six (6) months nor less than three (3) months prior to the expiration of the term specified in Item 2 of the schedule upon the same covenants, conditions and stipulations as are contained in this Lease (except for this present option of renewal) and the rent during the further term as agreed upon by the parties prior to commencement of the option term or as specified in Item 5 of the schedule.

We trust you will rule in our favour on these issues as outlined above and look forward to a positive outcome from Council.

Many thanks.

Yours sincerely,

Geoff Meates
Shire Liaison
