Our Vision and Our Values

Our Vision

The Shire will have a diversity of lifestyle and people. It will take pride in caring for the natural, social, cultural and built environments and provide opportunities for people of all ages.

Our Core Values

Service – We deliver excellent service by actively engaging and listening to each other.

Respect – We trust and respect each other by valuing our difference, communicating openly and showing integrity in all we do.

Diversity – We challenge ourselves by keeping our minds open and looking for all possibilities and opportunities.

Ethics – We provide honest, open, equitable and responsive leadership by demonstrating high standards of ethical behavior.

Our Aspirational Values

Prosperity – We will ensure our Shire has a robust economy through a mixture of industrial and commercial development.

Harmony – We will retain our natural assets in balance with our built environment.

Courage – We take risks that are calculated to lead us to a bold new future.

Creativity – We create and innovate to improve all we do.

AGENDA

1.0 OFFICIAL OPENING

2.0 ATTENDANCE, APOLOGIES AND LEAVE OF ABSENCE PREVIOUSLY APPROVED

3.0 PUBLIC QUESTION TIME

A period of not less than 15 minutes is provided to allow questions from the gallery on matters relating to the functions of Council. For the purposes of Minuting, these questions and answers will be summarised.

3.1 Questions from Ordinary Council Meeting Held 23 November 2015

Neta Parker – Paulls Valley

Q1. I understand the Council employed, within the last twelve months, an environmental scientist to identify and map where the non-indigenous plant species are. What proposed outcome is expected from this study?

A1. The Shire arranged over the spring seasons of 2013 and 2014 the survey of roadsides for weed species by volunteers and managed by the Roadside Conservation Committee. The Shire now has a "roadside conservation" mapping layer which shows High, Medium-High, Medium-Low and Low conservation value roadsides. This criteria is based on weed and/or native plant coverage, vegetation layers and linkage to other vegetated areas. It also indicates where certain weeds are present, such as eastern states wattles, Victorian Tea Tree, Broom and African Lovegrass.

The Shire is aware that some of these roadsides also contain significant flora and the Shire has engaged the Wildflower Society on a volunteer basis to look for these species to determine if they are still present or not.

The information can be used in multiple ways:

- For targeted weed control in the future, especially when other Shire departments are working in the areas, such as road maintenance, and importantly traffic management will be in place to undertake treatment safely. A strategic approach also needs to be determined to manage the highest valued roadsides first.
- The highest valued roadsides will also be communicated to the Shire's verge crew to ensure understanding of the significance of the verge and undertake works in a manner that is sensitive to the environment.
- To assess queries from neighbouring residents who wish to remove, prune or burn vegetation on these verges.

Q2. What is the balance of the 2015/2016 budget for the control of weeds in the Shire?

A2. The Shire has a weed control strategy budget of \$20,000 which is an increase of \$3,000. Other budgets specific to reserves are also used for weed control.

Q3. What proportion of this will be spent on rural areas of the Shire – that is Walliston, Carmel, Bickley, Pickering Brook, Hacketts Gully Paulls Valley and Piesse Brook?

A3. This budget is used to tackle weeds in bushland reserves and outbreaks on verges. As most of under threat reserves are in Kalamunda, Lesmurdie, Forrestfield, and Maida Vale most of the funds are spent in these locations. Most of the Shires weed control in the above areas is on verges. These are tackled in two ways:

- The weeds are either removed or treated by the Bush Care Team or are treated by a herbicide contractor.

Examples of weed control in these areas include:

- The treatment of Arum Lily on Walnut Rd
- Removal of Cotton Bush on Aldersyde Rd

Approximately 10% of the budget would be spent in these areas.

Owner	N/A
Attachment 1	Draft Statements of Financial Activity for the period ended 30 November 2015 incorporating the following: <ul style="list-style-type: none">• Statement of Financial Activity (Nature or Type)• Statement of Financial Activity (Statutory Reporting Program)• Net Current Funding Position, note to financial statement

PURPOSE

1. To provide Council with statutory financial reports on the activity of the Shire of Kalamunda with comparison of the year's performance against the revised budget adopted on 23 November 2015. This Statement compares the actual results for the period with the revised budget.

BACKGROUND

2. The Statement of Financial Activity (Attachment 1), incorporating various sub-statements, has been prepared in accordance with the requirement of the *Local Government Act 1995, Local Government (Financial Management) Regulations 1996* (Regulation 34).
3. The opening funding position in the Statement of Financial Activity reflects the audited surplus carried forward from 2014/2015.
4. The budget column reflects the budget adopted subsequent to the mid-year budget review approved by Council at its meeting on 23 November 2015.

DETAILS

5. The *Local Government Act 1995* requires Council to adopt a percentage or value to be used in reporting variances against Budget. Council has adopted the reportable variances of 10% or \$50,000 whichever is greater.

Financial Commentary

Draft Statement of Financial Activity by Nature and Type for the five months ended 30 November 2015

6. This Statement reveals a net result surplus of \$34,954,789 against budget for the same period of \$32,777,677. The variance of \$2,177,269 represents 6.2% of the current surplus for the month to date. The majority of the

variance is in operating expenditure categories which is due to timing issues.

Revenue

7. Total Revenue excluding rates is over budget by \$206,530. This is made up as follows:

- Operating Grants, Subsidies and Contributions are over budget by \$126,377. The variances, primarily due to timing matters, was made up of the following:
 - Federal Government Financial Assistance grant received for general bridges \$52,500.
- Profit on Asset disposal is under budget by \$175,526. The variances, primarily due to timing matters, was made up of the following:
 - Disposal of no. 2 Cabarita Road, Kalamunda.
- Fees and Charges variance is over budget by \$233,399. This is mainly attributable to:
 - Refuse collection being over budget by \$111,031 as a consequence of the retention of secondary bins by some ratepayers.
 - \$64,431 related to dog registration fees. The number of licenses issued during the year was higher than the expected numbers.
- Interest earnings are over budget by \$41,088. This is largely due to a timing matter and to the delays in the capital works programme, resulting in higher cash holdings and subsequent investment on short term deposits.
- Other Revenue is slightly under budget by \$5,104. These are within the reporting threshold.

Expenditure

8. Total expenses are under budget with a variance of \$1,347,664. The significant variances within the individual categories are as follows:

- Employment Costs are under budget by \$218,582 arising from a number of vacant positions not being filled and currently under review.
- Materials and Contracts is under budget by \$775,211 which is comprised of:
 - Expenditure on consultancy costs of \$305,984. This relates to various non-recurrent projects which are yet to commence, such as the Forrestfield North project which was approved by Council in late November therefore deemed as a timing issue;

- Election expenses are under budget by \$124,392. This relates to the budget allocated for the Council Election held in October 2015. Some invoices are yet to be received from various suppliers for the services provided; and
 - Maintenance related to roads is approximately \$223,709 under expenditure which is deemed a timing issue.
- Utilities are under budget by \$39,560 which is within the reporting threshold.
 - Depreciation, although a non-cash cost, is tracking under budget reporting a variance of \$206,998. The infrastructure revaluation has now been completed and the audited assets position as of 30 June 2015 is finalised. It is expected that the depreciation for infrastructure assets will need to be significantly modified to reflect the outcomes of the valuation results.
 - The interest expense is slightly under budget by \$5,488. This is the result of a timing difference between amounts accrued and the budget, which is based on the debenture payment schedule.
 - Insurance expense is under budget by \$48,269 which is principally due to building insurance costs being lower than the amount budgeted. This is attributed to lower revaluation amounts for the building components.
 - Other expenditure is under budget by \$57,573. These are mainly related to non-recurrent projects caused by a timing variance. This is within the reporting threshold.

Capital Revenues

Non-operating Grants and Contributions

9. The non-operating grant income is lower than the budget by \$246,039. The variance was mainly due to the timing of claims from the Roads to Recovery project, National Black Spot Funding and contributions from public open space.
10. The capital contributions variance of \$229,027 relates to Forrestfield Industrial Area Stage 1 which is now managed by the Shire and funds are backed via a fully cash backed reserve. The variance reflects the contributions received after the mid-year review in September 2015.

Proceeds from the disposal of assets

11. The variance is nil.
Properties identified for sale in 2015/2016 are:
 - 514 Kalamunda Rd
 - Cabarita RdThe sale of 514 Kalamunda Road was completed during the month of September 2015.

Capital Expenditures

12. Infrastructure projects; comprising roads, drainage, footpaths, car parks and parks and ovals, are underspent by \$169,322. The operations delivery team have been busy scheduling the various projects that are due in 2015/2016 with on ground works commenced in November 2015.

Rates revenues

13. Rates generation is under budget with a variance of \$112,622. The variance is due to a timing issue. Interim rates have commenced and should start to show progress in the new year.

Draft Statement of Financial Activity by Program for the five months to 30 November 2015

14. The overall result comments are as above and generally each Program is within accepted budget except for Community Amenities and Recreation and Culture. Major variances have been reported by Nature and Type under points 7 to 13 above.

Draft Statement of Net Current Funding Position as at 30 November 2015

15. The commentary on the net current funding position is based on comparison of the draft November 2015 year to date actuals with November 2014 year to date actuals.

16. Net Current Assets (Current Assets less Current Liabilities) show a positive result of \$40.9 million. The un-restricted cash position has a positive balance of \$30.55 million which is higher than the previous year's balance of \$25.65 million. This can mainly be attributed to the rates collection and transfers from reserves in anticipation of infrastructure works projects.

17. Trade and other receivables comprise rates and sundry debtors totalling \$12.1 million outstanding.
- The rates balance fell by \$1.6 million to \$9.5 million, representing a collection rate of 70.76% for the year to date. This is an improvement of 2% from last year, partially reflecting the successful launch of "A Smarter Way to Pay" and BPoint Enterprise which allows charging of direct debits via credit cards.

Receivables Other represents \$1.9 million with the bulk made up of:

- Emergency Services Levy (ESL) - \$1,308,617;
- Waste services due - \$392,078; and
- Pensioner ESL rebates - \$159,097.

18. Sundry debtors have increased by \$269,569 to \$671,182, of which \$357,662 is made up of current debt due within 30 days. A total of \$274,360 remains outstanding over 90 days, of which \$258,930 relates to amounts due from developers from the Forrestfield Industrial Area Stage 1. Legal proceedings are underway to recover the amounts due.

19. Provisions for annual and long service leave are generally stable having increased by \$317,163 to \$2.7 million when compared to the previous year. The main reason for the increase is due to more officers being above the seven year threshold at which point long service leave entitlements begin to accrue. The Shire aggressively pursues a leave management plan that will not adversely affect service delivery. The long term goal is to bring this liability down to a more manageable level and also ensure there are adequate reserves in place to support it.
20. Restricted Reserves have increased significantly from \$2.6 million to \$8.6 million when compared to the same period in 2014. The increase is mainly due to the following:
- Transfer of Forrestfield Industrial Area Scheme Stage 1 from Trust accounts to reserves, amounting to \$2.9 million.
 - Land and Property Enhancement and Maintenance Reserve has increased by \$0.5 million.
 - Long Service Leave reserve has increased by \$0.8 million.
 - HACC reserve has increased by \$0.6 million.
 - Nominated employee leave reserve has increased by \$0.5 million.

Attachment 1	Minutes of the Annual General Meeting of Electors

PURPOSE

1. To consider the outcomes of the 2014/15 Annual General Meeting of Electors (AGM).

BACKGROUND

2. As required by section 5.27 of the *Local Government Act 1995* (the Act), the 2014/15 AGM was held on Monday 14 December 2015 in the Council Chambers, Shire of Kalamunda, 2 Railway Road Kalamunda.

DETAILS

3. Section 5.33 of the Act requires all decisions made at the AGM to be considered at the next available Ordinary Council Meeting. In addition, the reasons for a decision made at a Council Meeting in response to a decision made at an AGM are to be recorded in the minutes of the Council Meeting.
4. Two decisions were made at the AGM:
 - (1) That the 2014/15 Annual Report of the Shire of Kalamunda be received.
 - (2) In addition to the planned consultative works the Council commits to engaging with the community through the advisory committees to ensure consultation is ongoing and goes beyond one round of interaction.

STATUTORY AND LEGAL CONSIDERATIONS

5. Section 5.27 of the Act requires that an AGM be held not more than 56 days after the local government accepts the Annual Report. The Annual Report was accepted at the Ordinary Council meeting of 23 November 2015.
6. Section 5.33 of the Act requires consideration of decisions made at the AGM.

POLICY CONSIDERATIONS

7. Nil

COMMUNITY ENGAGEMENT REQUIREMENTS

8. Community engagement and consultation occurred as part of the AGM. There will be additional community engagement as part of the implementation of the resolution passed at the AGM.

FINANCIAL CONSIDERATIONS

9. Some expense will be incurred in undertaking community engagement. Specific details of these cost will be presented to Council when known.

10.3.3. Pickering Brook Heritage Group request for Land Vesting Approval for Section of Reserves R6583 and R6637

Previous Items	
Responsible Officer	Director Corporate Services

Attachment 1	Canning Mills Road Reserves

PURPOSE

1. To approve the Pickering Brook Heritage Group's (PBHG) request that the Shire seek vesting approval from the Department of Lands (DOL) for a section of the reserves R6583 and R6637 to accommodate a roadside stop with a memorial to the Pioneers of Canning Mills.
2. To authorise the Shire to commence negotiations with the DOL to acquire the land required for the road widening project.

BACKGROUND

3. The item was deferred from the Corporate & Community Services Committee meeting held on 14 December 2015 in order to provide further clarity around the land vesting issues.
4. The vesting of the land is required in order to enable the PBHG to provide a roadside stop with a memorial to the pioneers of Canning Mills. This will ensure the retention of this historic site and provide a presence for the public to understand the significant contribution made by the early settlers and pioneers.
5. The memorial would be commissioned by the PBHG in conjunction with the Shire support and it would represent an ideal project to engage local artists to assist with the design concept.
6. It is not intended for any infrastructure to be included at the site such as picnic areas, seating or toilets; as this would raise the issue of ongoing maintenance, littering and antisocial behaviour. Neither the Shire nor the PBHG has set aside funds to provide for any functionality beyond the memorial.
7. In considering the request from PBHG, a series of site visits were undertaken to look at the suitability of the site and to assess any current traffic safety concerns.

8. The Shire has undertaken enquiries with DOL to determine whether the vesting of the reserve requested could be achieved. In addition the Shire has undertaken a review to determine whether other reserves in the area could be considered for vesting.

DETAILS

9. The Shire understands that prior to formalising the vesting of the land, it is likely that the DOL will need to ensure that there are no native title issues related to the site. Current advice is that a period of up to eighteen months can be required to complete the native title approval process.
10. During a recent visit to the site a serious traffic safety issue was identified that would require rectification before implementing a roadside memorial stop. The traffic safety issues related to the proximity of the reserve to the road, the current width of Canning Mills Road and its impact on vehicle access to the site, and the steep turn offs to the site.
11. The Shire has established a strategy, timeframe and preliminary costing that would enable the traffic safety issues to be satisfactorily addressed.
12. The traffic safety issue solution is based on the widening of Canning Mills Road from the intersection of Canning Mills Road and Canning Road to the position at which the existing pavement width provides for two way traffic, a length of approximately 290 metres.
13. The cost estimates for the road works is expected to be within the range of \$260,000 to \$320,000 dependent upon the extent of asphalt overlay.
14. The road works project involves survey design and documentation, application for clearing permits and negotiation with the DOL to acquire the land necessary to acquire additional road reserve to accommodate the road widening. These processes are expected to take up to 18 months.
15. Whilst there is no funding allocated for this project in the current year's budget, the traffic safety issues identified during the recent site visit warrants attention. The Shire anticipates applying for the Roads to Recovery funding which should enable approximately \$250,000 of the total project estimates to be sourced from grant funding.
16. The schedule of works will commence with the land and environmental approval process scheduled for 2016/17 followed by construction in 2017/18.
17. If Council decides to approve the request from PBHG, the Shire will immediately begin negotiations with the DOL to negotiate a vesting agreement that will vest the identified portion of the reserve to the Shire who will then lease the area to PBHG.

STATUTORY AND LEGAL CONSIDERATIONS

18. The Minister for Lands consent is required in order to lease the land to PBHG.

POLICY CONSIDERATIONS

19. C-PP02 – Community Groups Leases.

COMMUNITY ENGAGEMENT REQUIREMENTS

20. At this stage there has not been broad community consultation however if it becomes necessary this will be done in conjunction with the PBHS.

FINANCIAL CONSIDERATIONS

21. The costs of the road project to address the road safety issues are estimated to be in the range of \$260,000 to \$320,000. There is no funding provision in the current budget, however, it is expected that approximately \$250,000 could be sourced through the Roads to Recovery program.

STRATEGIC COMMUNITY PLAN

Strategic Planning Alignment

22. *Kalamunda Advancing: Strategic Community Plan to 2023*

OBJECTIVE 1.8 – Support local community groups to grow, prosper and shape the future of Kalamunda.

Strategy 1.8.3 Proactively investigate opportunities that facilitate the establishment and/or growth of local community groups.

SUSTAINABILITY

Social Implications

23. The memorial will ensure that the heritage of the shire is retained.

Economic Implications

24. The memorial will encourage visitors to stop and other promotional opportunities may arise that diverts visitors to local eateries and businesses in the Pickering Brooke area.

Environmental Implications

25. The Shire will be required to lodge an application for a clearing permit. Furthermore, dependent upon advice from the Department of Lands it may be necessary to address native title issues.

RISK MANAGEMENT CONSIDERATIONS

Risk	Likelihood	Consequence	Rating	Action/Strategy
The application for vestment and creation of additional road reserve may be rejected.	Possible	Minor	Medium	Ensure that Council support is received prior to application to Department of Lands
That funding is not available through the Roads to Recovery program.	Unlikely	Major	Medium	Lodge application through grants program.

OFFICER COMMENT

27. The PBHG request for the Shire to seek vesting approval from the DOL for a section of Reserves 6583 and 6637 for the purpose of providing a roadside stop with a memorial to the pioneers of Canning Mills is supported.
28. In supporting the PBHG request, the Shire will lodge applications with the DOL for additional road reserve to accommodate the road widening.
29. The Shire will lodge clearing permit applications with the Department of Environment and Conservation as required for the site.
30. The traffic safety issues identified at the site require rectification, irrespective of the request from PBHG. The funding for the rectification of the identified traffic safety issues, can be programmed in two stages being:
- 2016/2017 approvals and design and documentation stages
 - 2017/2018 clearing and road construction.

Voting Requirements: Simple Majority

RECOMMENDATION

That Council:

1. Supports the application from Pickering Brook Heritage Group to seek vesting approval from the Department of Lands for a section of the Reserves number R6583 and R6637
2. Authorises the Shire to commence negotiations with the Department of Lands to acquire land necessary for the road widening project.
3. Considers allocating funds in the ten year capital works budget to satisfy the traffic safety issues identified at the site on the basis of funding in 2016/17 for the approvals and design/documentation stages and in 2017/18 for the clearing and construction stages, noting that an amount of \$250,000 will be sourced through the Roads to Recovery program for the construction works.

10.3.4 Kalamunda Aged Care Advisory Committee – Establishment and Endorsement of Terms of Reference

Previous Items	OCM 161/2015
Responsible Officer	Director Corporate Services
Service Area	Community Care
File Reference	
Applicant	N/A

Attachment 1	Proposed Terms of Reference

PURPOSE

1. To consider the establishment of the Kalamunda Aged Care Advisory Committee (KACAC) and endorse its Terms of Reference.

BACKGROUND

2. At the Ordinary Council Meeting held 23 November 2015, Council requested that the Chief Executive Officer undertake a review of the existing Council's Management and Advisory Committees, and provide a report recommending the Committees that would meet the Council strategy and priorities, and improve Shire efficiencies.
3. It was recommended that an Aged Care Advisory Committee be established to provide strategic leadership on Aged Care development across the Shire.

DETAILS

4. The establishment of an Aged Care Advisory Committee will provide the framework and forum for the Shire to focus on achieving its strategic objectives and goals with respect to the provision of services and facilities for its ageing population, their families and carers living in and visiting the Shire.
5. The comments in paragraph 4 have formed the basis for the development of the proposed Terms of Reference and contain the following key elements:-

Purpose

To advise and make recommendations to Council, on a range of strategic issues which affect the quality of life of the ageing population, their families and carers living in and visiting the Shire of Kalamunda.

Objectives

To develop and promote the Shire Positive Ageing Plan.

To ensure any Shire development and activities considers the Age Friendly Communities framework.

To achieve greater access to Aged Care Accommodation in the Shire of Kalamunda.

To monitor trends, issues and developments occurring at the local, state and national levels for the aged care sector.

To undertake ongoing research and analysis of the aged care sector to ensure the Shire is at the forefront of any development opportunities that may emerge.

To advocate and develop relationships with the aged care sector and identify opportunities for partnership ventures.

To consider and promote greater access to community based aged care facilities and support services.

To investigate and promote regional approaches to aged care issues.

Membership

A total membership of up to 9 members, all of whom shall be appointed by Council, comprising:

- The Shire President.
- Two Councillors.
- The Chief Executive Officer.
- Up to two members from Aged Care Community Representation organisations.
- Two community member who is a carer of seniors or people with senior's interests.
- One representative from a local organisation providing services to seniors (community or residential) within the Shire of Kalamunda.
- All members shall have an appointed Deputy who is to attend meetings in the absence of a member.
- Appointment is for up to two years and members are eligible for re-appointment following the Council Ordinary Election.

In addition, it is proposed that two Local Members of parliaments, one each from Federal and State government, be appointed as Ex-Officio members to the committee.

The KACAC will meet quarterly throughout the year with agenda and minutes being administered by the Chief Executive Officer or their delegate.

All recommendations made by KACAC will be reported to Council through the Corporate & Community Services Committee.

STATUTORY AND LEGAL CONSIDERATIONS

6. Section 5.8 of the *Local Government Act 1995* – Establishment of Committees.
- Section 5.9 (2) (c) of the *Local Government Act 1995* – Types of Committees.
- Section 5.11 (2) (d) of the *Local Government Act 1995* – Tenure of Committee Membership.

POLICY CONSIDERATIONS

7. The Shire currently does not have an Aging Population Policy and this may need to be a consideration undertaken by the KACAC.

COMMUNITY ENGAGEMENT REQUIREMENTS

8. Once Council has approved the establishment of the Committee, nominations from appropriate community representatives for appointment to the Committee will be sought.

FINANCIAL CONSIDERATIONS

9. Following the review of all advisory committees the Shire may need to consider increasing resources to administer any significant overall increase in the number or frequency of advisory committees. Should it become necessary this will become a budget consideration for 2016/2017.

STRATEGIC COMMUNITY PLAN

Strategic Planning Alignment

10. *Kalamunda Advancing: Strategic Community Plan to 2023*
- OBJECTIVE 1.1 – To be a community that cares for its aged and frail and those less fortunate.
- OBJECTIVE 1.2 – To ensure the ageing population has housing choice.

SUSTAINABILITY

Social Implications

11. Community representation on Shire Management and Advisory Committees is integral to ensuring a link is maintained between Shire operations and community aspirations.

Economic Implications

12. Nil.

Environmental Implications

13. Nil.

RISK MANAGEMENT CONSIDERATIONS

14.

Risk	Likelihood	Consequence	Rating	Action/Strategy
Committee goals do not align with Shire's objectives and strategies.	Possible	Minor	Medium	Provide guidance to the Chair and at the first meeting communicate the Shire's strategic plan and objectives.
Risk	Likelihood	Consequence	Rating	Action/Strategy
Council may not approve the establishment of the committee.	Unlikely	Major	Medium	Without Advisory Committees Council will lack the framework to advance strategic direction within the Shire.

OFFICER COMMENT

- 15. The establishment and endorsement of the KACAC will provide a formal mechanism for consultation and promotion of aged care related issues and concerns in line with the strategic direction provided within the Strategic Community Plan to 2023.
- 16. Based on Western Australian Local Government Authorities, Estimated Residential Population, 30 June 2014, the Shire of Kalamunda is in the top 20 Councils ranked with the highest 60 plus years' population count, with 20.6% of the population being over 60 years of age. This is higher than the total state average.
- 17. Membership requires significant involvement from key stakeholders in our community and in the aged sector.
- 18. Advertisements seeking nominations from the various community groups for appointment to the Committee will be placed in the local newspapers. Following this a report will be bought to Council in February 2016, to formalise the appointments.
- 19. The Corporate & Community Services Committee at its meeting on 14 December 2015 deferred this report for consideration by Council. The report is now represented with an amended Terms of Reference and an addition to the Officer Recommendation to facilitate appointment of the Councillor Delegates.

Voting Requirements: Absolute Majority

RECOMMENDATION

That Council:

1. Approves the establishment of the Kalamunda Aged Care Advisory Committee.
2. Endorse the Terms of Reference (Attachment 1) for the Kalamunda Aged Care Advisory Committee.
3. Appoints Cr _____ and Cr _____ to the Kalamunda Aged Care Advisory Committee.

Attachment 1	Proposed Performance Measures

PURPOSE

1. To consider an amendment to the Terms of Reference for all Shire of Kalamunda Advisory and Management Committees to include Performance Measures.

BACKGROUND

2. The Council has approved the establishment pursuant to the provisions of section 5.8 of the *Local Government Act 1995* (the Act) of a number of Management and Advisory Committees.
3. Periodic reviews of these committees are undertaken to ensure they are operating efficiently and fulfilling the role expected when established, particularly the strategic objectives.
4. At the November 2015 Ordinary Council Meeting Council resolved to request a review of the Shire's Management Advisory Committees, including aspects with respect to efficiencies and strategic priorities.
5. As part of the rationale for calling for the review of the Advisory and Management Committees, it was noted that:-
 - While the Committees are established under the *Local Government Act 1995* to advise the Council, there have been very few issues referred to Council.
 - The participation in some Committees has been low and content is operational. In some cases Committees are not meeting or have been disbanded.

DETAILS

6. A Report (C&C 63) was presented to the Corporate & Community Services Committee meeting on 14 December 2015 with proposed Performance Measures based on the following:-
 - Strategic Alignment of Agenda Items – measuring strategic vs operational items and the numbers of items referred to Council for consideration.

- Meeting attendance – measuring both total and councillor delegate attendance.
- Administration – measuring the amount of support provided to the committees

An Annual report on the actual outcome of these performance measures will be prepared and submitted to Council.

7. The Officer's Recommendation presented in Report C&C 63, 14 December 2015 :-

That Council adopt the performance measures (Attachment 1) for inclusion in the Terms of Reference for all Shire of Kalamunda Advisory and Management Committees

Revised Following Corporate & Community Services Committee Meeting 14 December 2015

Performance Measures

Strategic Alignment

Outcome	Description	Measure
Strategic alignment of Agenda Items	1. Agenda Items are aligned to strategic plans as set by Council. This should include but not limited to the Strategic Community Plan, relevant Master Plans or development proposals.	Ratio of Strategic versus Operational items discussed at each Committee Agenda.
	2. Recommendations requiring consideration and decision by Council.	Number of recommendations presented to Council from each Committee.

Committee Objectives

Outcome	Description	Measure
Each Committee to decide its outcomes and measures.		

Attendance

Outcome	Description	Measure
Meeting attendance	1. Level of attendance to Committee meetings by all members.	Number of meetings attended over the term of appointment.
	2. Level of attendance to Committee meetings by Council Delegates.	Number of meetings attended over the term of appointment.

Reporting Format

At the end of each year a report is compiled and presented to Council that includes actual results of the above KPI's for all Advisory Committees.

11.0 MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

11.1 Cr Dylan O'Connor – Forrestfield Stage 1 Industrial Area Developer Contribution Scheme

Rationale

The Forrestfield Stage 1 Industrial Area Developer Contribution Scheme (DCS) has been in place since 2012. Since that time, there have been some questions and concerns raised regarding the management of the DCS. The shire is the administrator of the DCS. The Shire have held many meetings with concerned landowners as these questions and concerns have been raised. These ongoing concerns also facilitated the Shire undertaking an independent review of the DCS, it was found that the scheme is being administered and managed according to State Planning Policies.

Notwithstanding the review, questions and concerns continue to be raised by some of the landowners. It is because of the ongoing concerns being raised that I feel it necessary, and, in the interest of transparency for all stakeholders including landowners, developers, the council and the Shire of Kalamunda, that, under the direction of Council, the Shire should consider transferring the administration function of the DCS from the current in house model to an external suitably qualified third party agent who will undertake the day to day administration, collect and account for all scheme contributions, undertake annual reviews and be the reporting and liaison point for the Shire and the landowners for the duration of the scheme's lifecycle.

I would expect that the communication flow plan would include an outline of the regularity and means by which the agent appointed will keep landowners and developers informed, be available to answer queries and conduct meetings if and when they are required and also provide strategies to further improve the communication of information to all stakeholders.

This motion will provide more confidence to landowners and will also provide the technical and professional support from agents who deal with contribution schemes as their core business.

It is important that the Shire retain its overarching responsibility for the scheme, however using an external provider will give greater assurances to stakeholders and endeavour to build confidence in the use and application of such schemes now and into the future.

I have investigated and found that is not unusual for Local Government to outsource this particular function given the technical and specialised nature of administration of a scheme and therefore I believe that the Shire should also investigate this approach.

Officer comment

The Shire is aware of some local authorities who outsource the day to day running of the Scheme. The Shire has no objection to the intent of the recommendation. It is noted that there will still need to be Shire staff involvement in the running of the arrangements, albeit at a reduced role.

The Developer Contribution Arrangements are the responsibility of the Shire to administer, by virtue of the arrangements being made under Local Planning Scheme No.3 and the Shire being the responsible authority. The Council may delegate functions to the Chief Executive Officer (CEO) under S.11.3.1, however the CEO is unable to on-delegate these powers to a third party. As such, whilst an agent may be able to run the Scheme, Council and Staff will remain involved where decision making under the scheme is required.

Voting Requirements: Simple Majority

MOTION

That Council:

1. Request the CEO,
 - i) Investigate the appointment of a suitably qualified agent to manage the Forrestfield Stage 1 Industrial Area Developer Contribution Scheme.
 - ii) Create a 'Terms of Reference' that includes but is not limited to a dispute resolution framework, a communication plan and a reporting procedure as required under State Planning Policy.
 - iii) Give authority to the agent to contact and liaise with all landowners on all aspects of the scheme for which such authority can be given.

11.2 Cr Brooke O'Donnell – Forrestfield Bowling Club – Replacement of Toilet Cisterns

Rationale:

The Forrestfield Bowling Club (FBC) has identified the replacement of the toilet cisterns as a priority for that group.

The FBC has obtained a quote including three options:

Option 1	Replace 6 single flush (11L) cisterns and replace with Caroma dual flush (9L) cisterns	\$5,180 ex GST
Option 2	As above but remove 6 pans and install new 3L/6L pan	\$8,260 plus GST
Option 3a	Remove 5 pans and cisterns and install wall faced toilet suite	\$8,976 plus GST
Option 3b	Remove disable toilet pan and cistern and install induct toilet suite	\$3,560 plus GST

Options 2 and 3 have not been supported by the Shire as they reduce flow to a level where problems may occur in the piping due to the long distance between pans and sewer.

Option 1 being the replacement of the cisterns to include water saving devices (upgrading to 9L flush instead of 11L – 18% reduction in use) is the preferred option by the Shire.

As this expenditure is in excess of the \$1,000 specified as the maintenance responsibility of the Club in accordance with the Lease Agreement, it is considered that the full cost should be borne by the Shire.

Officer Comments:

The full funding of the cistern replacement is not supported for the following reasons:

1. The cisterns are operational, however, due to the seasonal use, some components require replacement at the start of every season. This is normal and the replacement of washers and other consumable components should be programmed on an annual basis. Parts cost in order of \$10 per cistern annually (excluding labour) and would normally fall to the FBC as a minor maintenance item.
2. The cisterns are still in working condition but aged, therefore not an immediate maintenance priority.
3. The Shire would however support the replacement of the toilet cisterns with dual flush systems due to the long term water saving benefits with funding on the basis of the Shire funding 50% of the cost of the works and FBC the remaining 50%.

MOTION

That Council:

1. Approves the funding of the replacement of the toilet cisterns at the Forrestfield Bowling Club with dual flush (9L) cisterns at a cost of \$5,180 ex GST to be funded from the Building Maintenance – Forrestfield Bowling Club Account.

11.3 **Cr Andrew Waddell - Shire of Kalamunda – Opposition to Forced Boundary Change – City of Subiaco**

Rationale:

I believe it is important for the Council and Shire of Kalamunda to continue to oppose in principle any forced changes to any local government district boundary.

Forced boundary changes deny affected residents natural justice and the opportunity to exercise their democratic rights to decide their own destiny.

The City of Subiaco is a member of the Councils for Democracy Group and has been a strong advocate against forced local government boundary changes and I consider it is important that the Council and Shire expresses its support to the City.

11.4 **Cr Sue Bilich - New Overarching Name for Kostera Oval and Hedley Jorgensen Oval**

Rationale:

At the recent Kostera Oval Advisory Committee meeting held 1 December 2015 there was discussion regarding a proposal for a new overarching name for the site.

The main reasons as to why an overarching name for the playing fields should be considered were as follows:

1. The playing fields are now all on the same level, with no distinction or barrier between the main oval and smaller fields adjacent to the school.
2. The inclusion of "Kalamunda" and "Sporting" in the name will provide a clear and easily understood description of the location and purpose of the site.

3. This is an opportunity to identify the new Sporting Area as belonging to the broader Kalamunda Community.
4. Adoption of an overarching sporting area name will enable this description to be included in the new shared licence agreement between the Shire of Kalamunda and the Education Department, which details responsibilities of each party for the shared site. The licence agreement is proposed to be considered by Council in February 2016.

Kalamunda Senior High School representative Kathy Ritchie advised that the proposal would still retain the cultural and historical names of Kostera and Hedley Jorgensen to identify the main oval and the smaller fields adjacent to Cotherstone Road.

The Kostera Oval Advisory Committee agreed unanimously with the name "Kalamunda Sporting Precinct".

I recommend Council initiate this overarching name now to allow for a 42 day public comment period prior to commencing the new signage for the site, and also to enable the new name to be used in the new shared licence agreement.

Officer Comments:

The Shire supports the proposal for an overarching name for the new Sporting Area, this would be consistent with themes used at other major sporting reserves, citing Hartfield Park as an example whereby Morrison Oval and Reid Oval maintained their names within the site.

The Shire supports the public comment period of 42 days.

Voting Requirements: Simple Majority

MOTION

That Council:

1. Endorse the proposal for an overarching name for the new Sporting Area.
2. Supports the proposed name "Kalamunda Sporting Precinct".
3. Supports the current historical names of Kostera Oval and Hedley Jorgensen Oval being retained to identify the sporting fields adjoining Recreation Road and Cotherstone Road respectively.
3. Supports a public comment period of 42 days given the historical significance of the site.
