COOPER, Lisa

I have lived in the suburb of High Wycombe for over 40 years, originally moving here with my parents. Having met my husband and after getting married, we decided that High Wycombe was a great place to raise our family and have remained here ever since.

I have always been a community minded person and in the past have helped out with such things as assisting the P&C raise funds to air-condition Edney Primary School and coached my children's various netball teams over the years. In recent times, I have become involved with the Lot 20 Adelaide St Awareness Group, where we have been campaigning on behalf of Jacaranda Springs residents who have been affected by safety, dust and truck issues.

My character strengths are honesty, integrity and commitment. If elected, it would be a privilege to represent residents living in the High Wycombe, Maida Vale and Forrestfield area.
