Election Type	Ordinary

DE FEULARDE, Philippe

My name is Philippe de Feularde. I was born and raised in Perth and have lived in High Wycombe for the past 3 years. I am an enthusiastic and self-motivating health care professional at one of Perth's major hospitals treating cancer patients and, if elected, I would bring the same work ethic and enthusiasm to the position of councilman, serving the residents of High Wycombe to the best of my ability.

I feel very passionate about our suburb and have a strong commitment to the local community. I would bring a fresh perspective on the issues that are important to residents such as improving of our parks, roads, street lights and improving the local environment in general. I am an excellent communicator and would love the opportunity to meet and engage with the residents of High Wycombe to make our suburb the best it can be.
